Arch Application

Application Process for the Arch Learning Community

Students will need to complete the Common Application, or our Institutional application, which can be found [here](#). Check off “yes” when asked if interested in the Arch Learning Community. Students will also need to fill out the Arch Learning Program Application form [here](#). We are rolling admission, so you can apply when you are ready. Priority filing deadline is March 15.

[This document](#) is intended to provide a general understanding of the documentation that is necessary to validate a disability and the need for appropriate accommodations at the post-secondary level.

Arch Learning Community

The widely regarded Arch Learning Community program at Dean College is designed to provide comprehensive support to students with diagnosed learning disabilities and/or other learning differences, such as attention and memory difficulties, who would benefit from additional academic support while taking part in a traditional college curriculum.

Through individual academic coaching, Arch-designated courses and specialized success and career advising, students will work within the program to acquire the skills necessary to be successful in their degree program.

Arch Learning Community Program Highlights

- Arch Learning Community Orientation- first year students move in early
- Academic and community programming to enhance classroom experience
- Workshops including topics such as managing stress, procrastination, and time management
- Internship and career readiness seminars
- Study labs to support content courses
- Specific Arch academic coaches
- Specific Arch Success and Career Advisors
- Leadership opportunities
- Social activities

Mental Health Resources- Counseling Services

Individual counseling provides a private, confidential setting for students to resolve personal difficulties and achieve personal growth. Sessions typically last 50 minutes and students may be seen for single or multiple sessions. More information on counseling services can be found [here](#).
